United Utilities	131	35	38	2	1	207
Veolia Water South East*	1	1	0	0	0	2
Wessex Water	87	29	53	3	1	173
Yorkshire Water	81	69	21	0	1	172
<b>Total</b>	<b>904</b>	<b>562</b>	<b>486</b>	<b>69</b>	<b>3</b>	<b>2024</b>

<sup>1</sup> In some instances, a water company may achieve a number of actions through one activity.

<sup>2</sup> Improvement actions are where we have evidence that there is a problem and we want water companies to act to address it.

<sup>3</sup> Investigations are where we think there may be a problem and would like water companies to investigate the issue further. This includes where we want water companies to identify and assess different options to address a problem.

<sup>4</sup> Event Duration Monitoring is where we ask water companies to undertake monitoring to measure whether storm sewage has gone into the water and for how long.
