

**2007 summer floods - Environment Agency - A table showing how we communicated with those affected by the floods**

	EA Region					National	Total
	Anglian	EA Wales	Midlands	North East	Thames		
The number of media interviews given by our staff during the floods	123	30	164	70	195	>200***	>782
The number of information requests received by each of our regions	204	10	687	346	405	>1000	>2652
The number of flood ambassadors*	n/a	n/a	18	38	59	n/a	115
The number of public surgeries**	n/a	n/a	29	33	10	n/a	72

We organised over 30 visits to flood affected areas.

\* Flood ambassadors are members of our staff who were on the ground giving advice to members of the public during the floods.

\*\* Public surgeries are meetings we hold for members of the public to explain what happened, answer questions and gather information about the floods.

\*\*\* These interviews could have been used several times

*We have taken reasonable care to make sure that the information provided here is an accurate copy of the information from our records.*

*When we believe there has been a significant change, we will update this information and we will put it on these internet pages as soon as we can.*
